Proximity and physical contact with your opponent is inherently part of squash and thus increases the risk of contracting Covid-19. It is up to every player to assist in reducing the risk by adhering to the aforementioned Player Requirements; Booking Procedure and Internal Club Regulations.

The only way to successfully manage the risk and keep our facility open is if every player adheres to the regulations. The Club's designated Covid-19 Representative is Floors Nel. Please contact him with any specific questions.

The committee would like to thank Floors for his effort put in to get authorisation for the club to re-open.

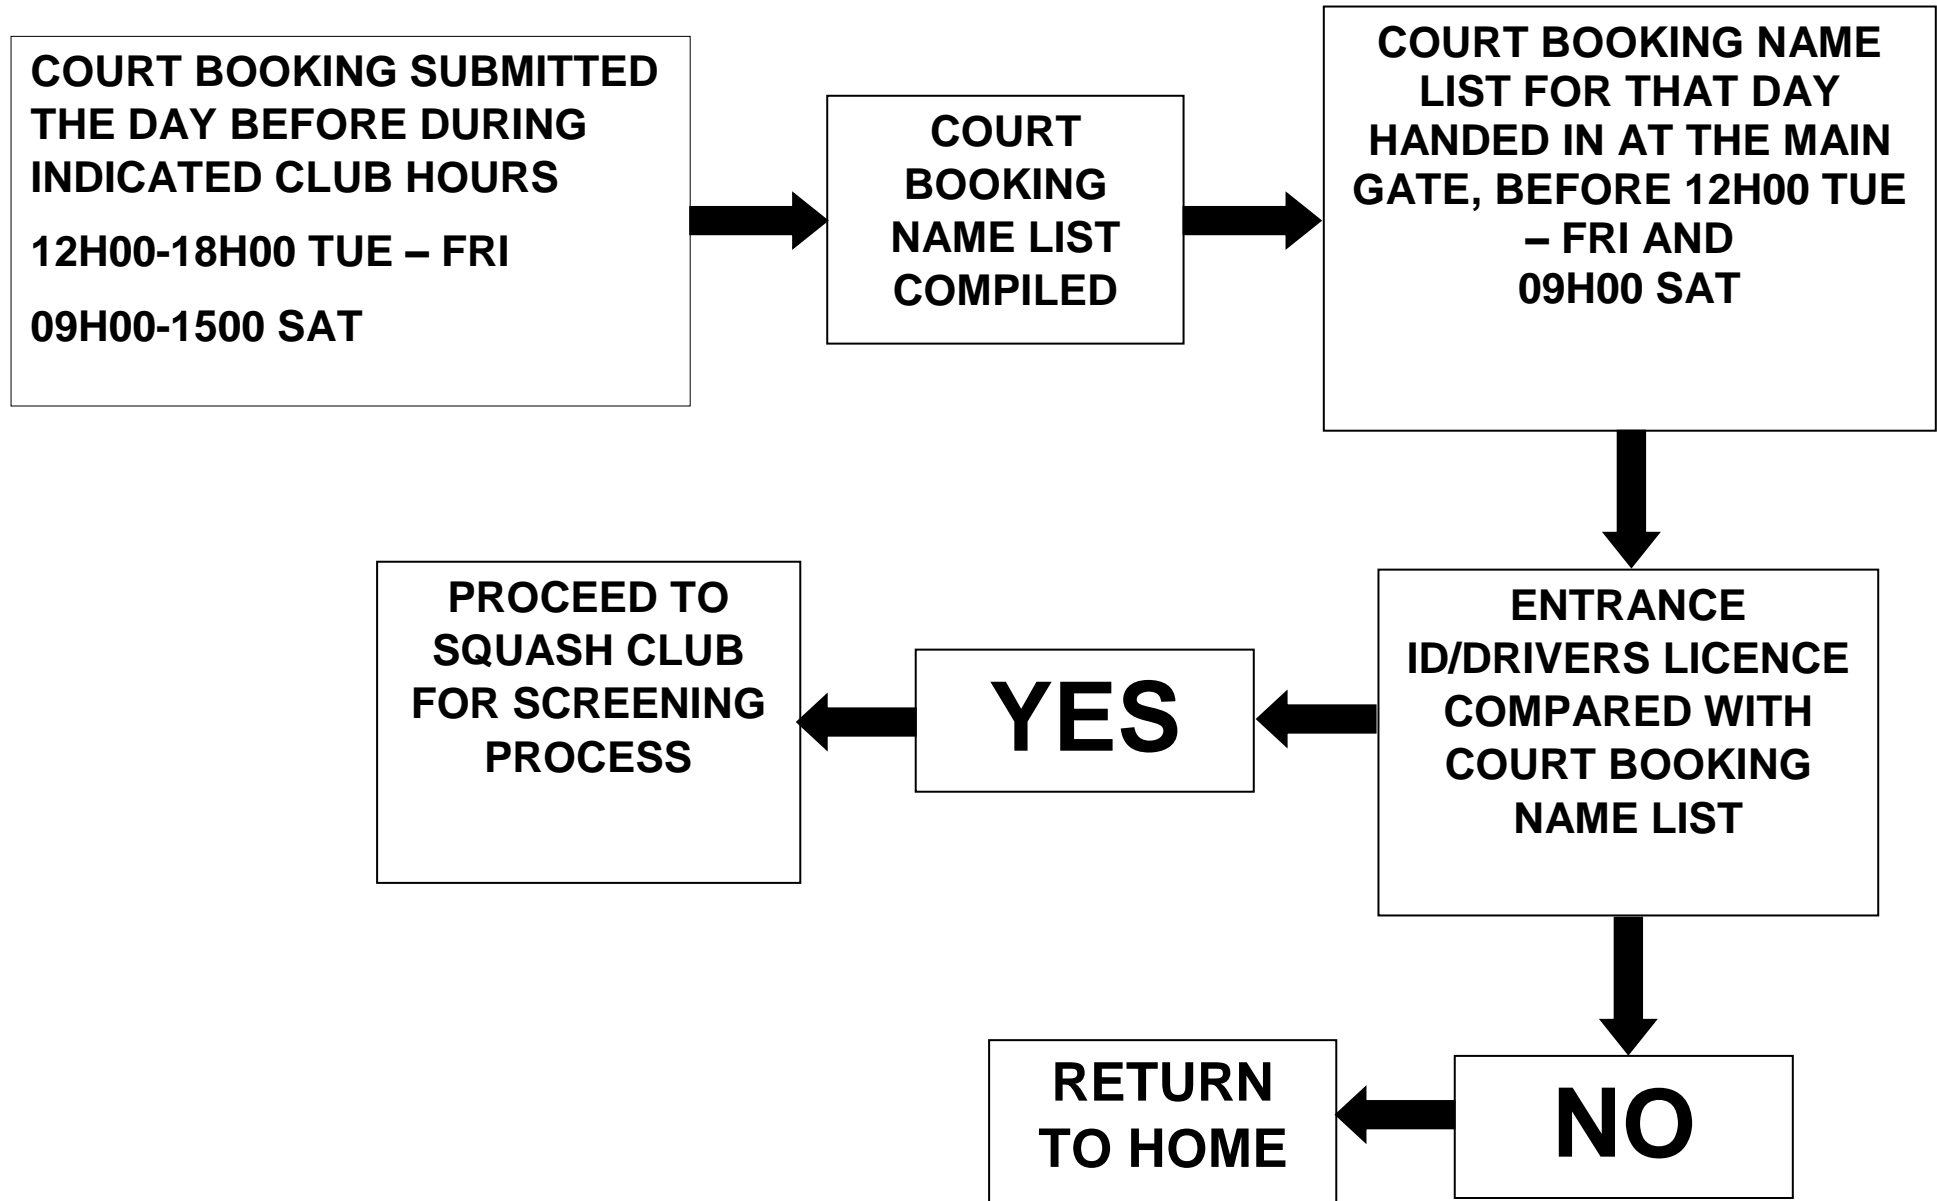

There is currently no indication of when or if the league will resume. Please keep in contact with your league team captain for further information.

Your co-operation will be highly appreciated.

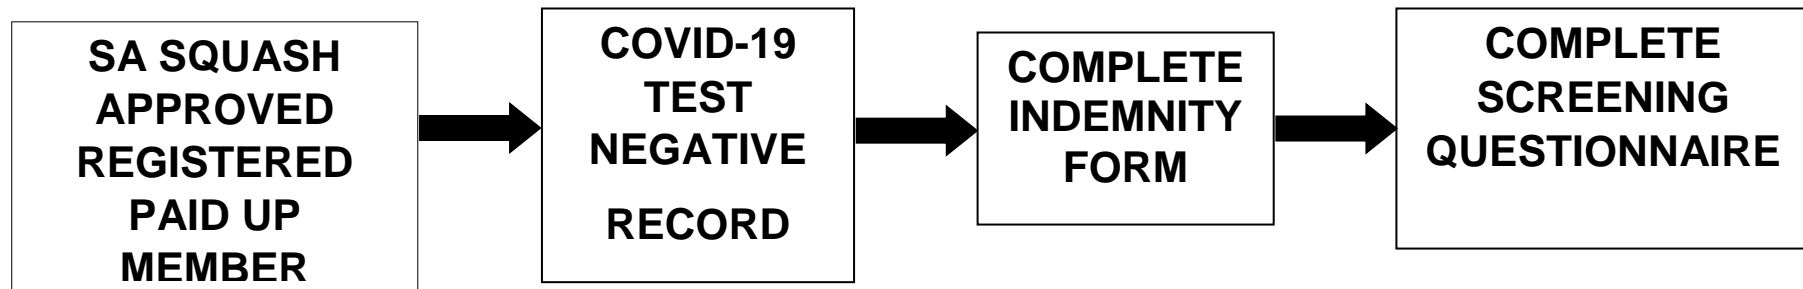

Look forward to seeing everyone back on the courts soon.
